Program Overview

Your company has the opportunity to compete for honors in the construction industry's premier annual awards program – the ABC Excellence in Construction Awards competition – that recognizes the outstanding merit shop projects of the year. Use this application and the enclosed forms to enter your company's best project(s).

All award winners will be recognized at the August 23, 2019 awards celebration. The ceremony will feature a multimedia presentation highlighting the Eagle and Pyramid winners, as well as Projects of the Year (General and Specialty Contractors) and other awards. Winners will be featured in a special Excellence in Construction Awards Supplement to the *Jacksonville Business Journal*.

Entry Requirements

Each entry must follow the entry requirements outlined in this award application. You may email questions to info@abcfirstcoast.com.

ABC Membership

Only ABC members are eligible to enter. If your project was completed by a joint venture and not all parties are ABC members, please email info@abcfirstcoast.com for eligibility requirements.

Joint Venture Projects

Projects completed through a joint venture must include a document outlining the ownership percentage and responsibilities of each partner. Include the document with the Project Information section. If the majority partner is an ABC member but not all partners are ABC members, only the majority contractor is eligible to enter.

Project Safety

No project that involves prime, multi-prime or sub-trade contractors with a safety-related fatality is eligible to be considered for an award. If there is a question regarding this policy and application requirement, the applicant may request clarification from the ABC EIC Committee by emailing info@abcfirstcoast.com prior to submission of the project.

Judging Criteria

Read each section carefully.

The panel of judges represents a cross section of construction industry experts. The competition is comparative, using a point system to assist in the comparisons. A project entry can earn a total possible score of 100 points. The different evaluative sections and their point values are listed below. Answers to questions should be clear and succinct, as directed; the quality of an entry's presentation will have a great impact on its opportunity to win. Use the checklist at the end of this document to review your entry prior to submittal.

Overall Presentation and Conformance to Entry Requirements (5 points)

- Entry must be in a three-ring binder not to exceed 12 X 12 inches.
