Learn how to **protect your rights** on construction liens in Florida and on State and Private Payment Bond Claims.

*When contractors, subcontractors and suppliers don't understand or know the notice requirements for lien and bond claims*

*....it can make the difference of **whether or not they get paid.***

(The law provides for attorneys' fees to the prevailing party, so use this tool to your advantage in getting paid.)

If you **blow your notice requirements**, it can be costly to **collect what you're owed.**

Learn how to do it right!
