

Plans Reading Basics

An ABC Workforce Development Training Class

Presented by:

Harry Frost
Senior Project Manager
Dana B. Kenyon Co.

Chris Chapman
Senior Project Manager
Dana B. Kenyon Co.

Understanding the blueprint language is critical to effective communication on the jobsite and in the workplace. Sharpen your skills and gain a better understanding of a fundamental industry tool in course. This introductory class will cover drawing organization, calculations and dimensions, reference systems and symbols, abbreviations and legends, CSI divisions and more.

This class is ideal for those new to plans reading, whether office or field personnel, with general or specialty contracting companies.
