

You're Invited to an ABC Learning Lunch

Think You Know Green?

Presenter: Mary Tappouni, CGC, LEED AP, Breaking Ground Contracting Company

Mary Tappouni

As a Certified General Contractor, LEED AP and President of Breaking Ground Contracting Company, Mary Tappouni provides incredible insight into the world of sustainable construction. With an eye toward both budgets and environmental stewardship, she guides her clients towards successful green building in smart, practical ways.

Get the latest news and information about green building. Green building, certification standards, and related codes have changed in recent years. New technology and sustainability trends are continually being introduced to the design and construction industry.

Think you know green? Come for the learning lunch and get up to date.
