

PROJECT MANAGEMENT 101

An ABC Workforce Development Training Class

**PRESENTED BY PROJECT MANAGERS
FROM BATSON-COOK CONSTRUCTION**

Expand your knowledge about Project Management. Learn the insights regarding project management and what's involved on a daily basis. Topics include scheduling, change management, cost management, document management, RFIs, submittals, and most importantly, supporting the team in the field to make sure the project runs smoothly and efficiently.

THIS CLASS IS DESIGNED FOR:

- General & Sub Contractors
- Assistant Project Managers
- Project Coordinators
- Project Engineers
- Project Administrators
- Anyone in the industry wanting to learn more!
